PROFESSIONAL SUMMARY

UI/UX Designer with 3+ years of UX/UI design experience across enterprise SaaS, AI-powered products, and client work, and an M.Des from IIT Guwahati. Skilled in user research, information architecture, user flows, wireframing, interactive prototyping, usability testing, and scalable design systems in Figma. Experienced in turning complex workflows into intuitive interfaces and partnering with product managers and engineers in Agile teams through developer handoff.

SKILLS

- **UX Research:** User Research, User Interviews, Surveys, Usability Testing, Heuristic Evaluation, UX Audit, Journey Mapping, Personas, Competitive Analysis
- **UI and Interaction Design:** Information Architecture, User Flows, Wireframing, High-Fidelity UI, Interactive Prototyping, Responsive Web and Mobile Design, Dashboard Design
- **Design Systems:** shadcn/ui, Component Libraries, Design Tokens, Variables, Auto Layout, Style Guides; Accessibility (WCAG)
- **Tools:** Figma (Advanced), FigJam, Framer, Sketch, Miro, Adobe Photoshop, Procreate; AI tools: Claude, ChatGPT, Gemini, Notion AI
- **Collaboration:** Agile, Stakeholder Management, Cross-functional Collaboration, Developer Handoff (Figma Dev Mode); Front-end awareness: HTML, CSS, JavaScript, React

FULL-TIME EXPERIENCE (3 YEARS 1 MONTH)

Product Design Intern | TVARAH Private Limited | Remote (Full-time) | Jan 2026 – Jul 2026 | Prototype
- Led 0-to-1 research and design of an AI-powered recruiter SaaS, designing 15+ screens including the pipeline dashboard, candidate pages, kanban board, and job positions view; the product shipped as an internal tool for the recruiting team.
- Interviewed 6 recruiters regularly through phone and video calls across the project, and ran a competitive analysis of 10 recruitment platforms to identify pain points and opportunities.
- Replaced recruiters' Excel sheets and personal candidate directories with one centralised workspace, including résumé parsing that auto-fills candidate profiles and AI candidate-to-job match scoring.
- Built the design system on shadcn/ui with reusable components, design tokens, and interface standards, keeping design and React implementation aligned.
- Collaborated with product and engineering teams from requirements through developer handoff.

UX Designer | Congruex Asia Pacific LLP | Mohali, Punjab (Hybrid) | Jun 2021 – Jul 2023
- Led UX audits and the redesign of 12–15 screens in CGIS, an enterprise GIS platform used by 600+ telecom engineers (300+ drafters, 200+ scopers, and 100+ redliners).
- Identified critical usability, navigation, and information-architecture issues, and delivered short-term fixes along with a long-term improvement roadmap.
- The redesign increased one-touch jobs (jobs completed without rework), reduced rework time, and improved engineer efficiency, so engineers completed more jobs in the same time.
- Designed user journeys, wireframes, interaction flows, and high-fidelity prototypes for network-planning modules, validated through heuristic evaluations and usability studies.
- Worked in a cross-functional team of 3 designers, 3 developers, 2 automation engineers, a project manager, subject matter experts, and a team lead.

Supply Quality Assurance | OPPO Mobiles India Pvt. Ltd. | Greater Noida | Feb 2020 – Aug 2020
- Performed root-cause analysis across three smartphone assembly lines and redesigned process workflows, cutting cycle time by 6–10 hours per release.

INTERNSHIPS AND FREELANCE WORK (1 YEAR 4 MONTHS)

Freelance UI/UX and Web Designer | Self-employed | Remote | Aug 2026 – Present
- Design and improve websites and digital experiences for client businesses, including BuildUp India (buildupindia.com), Nivala Foods (nivalafoods.com), and JerriX Toys.
- Redesigned the JerriX Toys online store as a clickable storefront prototype covering home, catalogue, product pages, cart, checkout, search, and sign-in (Prototype).
- Work directly with clients from brief and requirements through design, feedback rounds, and launch.

UX Design Intern | BuildUP India | Delhi (Hybrid) | May 2025 – Jul 2025
- Applied an end-to-end user-centred design process, from research and ideation to wireframes and prototypes, for public-service product challenges.

User Experience Intern | Delhi Technological University | Remote | Dec 2024
- Conducted user interviews and journey mapping to identify navigation and accessibility pain points in the campus commute system.

Freelance UI/UX Designer | Self-employed | Remote | Jul 2023 – May 2024
- Designed websites and brand identities for client businesses, including BuildUp India's brand identity and website.
- Managed client projects end to end, from brief and requirements to feedback rounds and launch.

PROJECTS

Assam Ferry System – ERP Dashboard | Oct 2025 – Jan 2026 | Prototype
- Designed a centralized ERP for Inland Water Transport, Assam, covering live operations, ticketing, routes, revenue, safety, and complaints.
- Led field research at three ghats, stakeholder value web and PESTEL analysis, and personas; validated flows through usability testing.

Pebble – Habit-Building Mobile App | Aug 2025 – Oct 2025 | Prototype
- Ran 18 interviews and a 122-person survey: 74% of users find losing a streak discouraging, and most quit after 2–3 missed days.
- Designed a streak repair and punishment system that replaces the reset to zero, and refined it through usability testing.

Angara – Product Detail Page Redesign (E-commerce) | 2026 | Prototype
- Found 7 UX gaps in an audit and redesigned the page for mobile and desktop with guided customisation, accessible selection states, and a sticky price summary.

Yourbasil – Product Detail Page Redesign (CRO) | 2026 | Prototype
- Addressed low Average Order Value (70% single-item orders) by moving bundle offers to the moment of decision with a kit-builder.

Developer Alert Interface – AI Agent (48-Hour Design Sprint) | Apr 2025 | Case study
- Designed an AI-powered security alert dashboard that helps developers analyse and resolve issues faster through a clear, actionable UI.

Client Websites | BuildUp India · Nivala Foods · Atomprints
- Designed live websites for a construction company, a food brand, and a fine-art printing studio (built on Framer), including BuildUp India's brand identity.

EDUCATION

Master of Design (M.Des) | Indian Institute of Technology (IIT) Guwahati | May 2024 – Jan 2026 | CGPA: 8.48/10
Bachelor of Technology (B.Tech), Mechanical Engineering | KIET Group of Institutions, Delhi NCR | Aug 2016 – Jan 2020 | CGPA: 8.50/10

LEADERSHIP AND ACHIEVEMENTS

- **Design Head**, Research and Industrial Conclave, IIT Guwahati (Jan 2025 – Oct 2025): Led UX and visual design, managing 7 designers and 10+ volunteers.
- **Design Mentor**, Baranwal Design (Aug 2024 – Present): Mentored 70+ students for UCEED, CEED, and NID entrance exams.
- **President**, KIET Design Club (Feb 2017 – Apr 2020): Built and led a student design community with hands-on workshops.
- **IndiaSkills (NSDC), 2021:** Represented Uttar Pradesh at North Zone level in Industrial Design Technology. **1st place**, Innotech KIET (2019) and KAPPTec AKTU (2019).

CERTIFICATIONS

- Professional Figma UI/UX Design Specialization (Coursera, Skillshare); Claude Design Fundamentals (Anthropic); Interaction Design; Systems Thinking
